Dear Dr. Smith:

We are pleased to inform you that the boundary proposed for the above property has been formally established by the National Park Service. The property is listed on the National Register of Historic Places and is eligible for the benefits of listing described in earlier correspondence. We gave careful consideration to the comments we received and in some cases the documentation or boundary has been revised if the National Park Service concurred with the comments. The date of the Keeper of the National Register's signature on the enclosed form is the date the boundary was formally established.

We appreciate your cooperation and interest in the National Historic Landmarks program.

Sincerely,
